Subject: APWA Sustainability Minutes

APWA Sustainability Committee Meeting

February 22, 2017 9:00AM

Attendees: Ed Williams, Greg Smith (by phone), Craig Bolze

Update on ongoing tasks

Permeable Paver discussion - site visit today to look at existing installations

Greg updated from Leadership Meeting

Discussed Sustainable Cities Network

Next year's APWA Conference - Sustainability theme

Should Sustainability Committee have a budget?

- What sorts of events should/can we do that would draw attention to Sustainability?

- Do we even need to do something?

Goals for next FY

- Sustainability as a theme for annual conference

- Sustainability themed luncheon

If we give sustainability themed slides to Sheila, she can put them on the computer to cycle through before luncheon - maybe one on Sustainability and one on Envision

Next Steps:

Ed to talk to Mike Chester at ASU

Ed to talk with MCDOT Communications to talk about training video for sustainability.

Greg to talk to Developer

Greg to reach out to public works organizations in the Pacific Northwest.

Craig to reach out to Phoenix to see how much they are pushing sustainability

Think about possible tracks/programs for APWA conference - what would constitute a sustainability track?

Next Meeting: March 29, 2017 at 9am at MCDOT conference room Pima
