

# SAVE International

## Module I Certification Course

### 40-hour Course Information

**Dates:** May 2-6, 2016

**Location:** TBD

**Cost:** \$1500.00 per person, all materials and certificate of completion

**AVS Exam:** \$125 membership with SAVE plus \$120.00 exam fee

**Other Credits:** 40-Professional Development Hours for your registration

#### WHO SHOULD ATTEND AND WHY!

This course is designed for individuals involved in planning, design and construction projects, including planners, architects, engineers, construction managers, contractors, cost estimators and owners. Additionally, individuals in manufacturing and industry including program managers, product managers, engineers, designers, etc. Learn an extremely valuable process to help you make improvements, seek out innovation and opportunities to projects, products and even the way you and your company does business. This course is also the first step in the certification process. Once you take the course and pass the AVS exam, you will obtain your first level of certification.

### Instructor(s)

#### **Renee Hoekstra, CVS, Managing Partner, RHA, LLC**

Renee is a Certified Value Specialist with over 30 years of experience in the design and construction industry and over 21 years of facilitation and team leader experience. Renee has led over 1900 teams over the past 21 years and has supplied value engineering training for introductory, Module I, Module II certification, risk analysis, life cycle costing, and risk management courses. Renee is the SAVE International Arizona Chapter President and the Vice President for Membership on the National Board of Directors. Renee has led the Module I and taught in the Module II Certification courses throughout the United States and abroad. She leads a very up tempo and enjoyable class; "learn while having fun."

#### **Patrice Miller, CVS, Managing Partnering, RHA, LLC**
